

Living Solutions Independence by Design

Living Solutions offers Grab Bar Sales and Installation.

- We are knowledgeable about assistive products and will help you make the correct choice to address your particular needs (shower, bath, toilet, bedroom, and doorways).
- All of our grab bars meet ADA compliance with a diameter of either 1½ or 1¼ and sit the proper 1½ inches from the wall.
- We offer a wide variety of grab bar colors and finishes. We offer straight bars in sizes ranging from 12 - 42 inches.
- Customized sizes, wrap around bars, and hand held shower head/grab bar combos can be ordered within 10 business days.

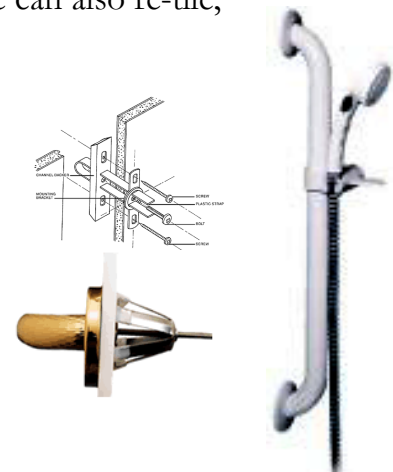

Living Solutions will install the bars:

- We will assess the composition and condition of your wall to verify its ability to support the 250 lbs requires required for ADA compliance.
- The grab bars will be installed with attention to proper location, height, and load specifications.
- We are knowledgeable about specialty fasteners for difficult installations, and can add wood blocking to walls that lack proper weight bearing support. We can also re-tile, or remodel your bathroom wall or shower enclosure.

Living Solutions is:

- AARP/NAHB Certified Aging-in-Place Specialist (CAPS)
- Licensed - Insured - Bonded
- Knowledgeable in ADA compliance and standards
- Professional, courteous, timely, and affordable.

You will feel secure in your choice of Living Solutions for your grab bar installation needs.
